No Pa – Żejtun – Proposed installation of chair lift at Borg Dental Care Centre in Misraħ Gregorio Boniċi, Żejtun.

On Wednesday 30th October 2019 the Test of Reasonableness Board (TORB) discussed a request for the installation of a chair lift at the above dental clinic. Perit Edric Micallef and Mr. Louis Borg Falzon were present on behalf of the applicant.

Installation of chair lift requested to improve the accessibility of the dental clinic since no passenger lift or platform lift can be implemented in the existing ground floor space and in the width of the existing staircase.

Taking all arguments in consideration, the Board finds **NO OBJECTION** to the installation of a chair lift at the Dental Clinic as long as the space of the property remains as is. Should the available internal area increase, the Board will need to reconsider decision.
